Subject: Coordination on Polymet Permit Drafting

Hi Doug and Ralph,

It has been a while since we have discussed this. I wanted to reiterate that EPA would like to continue coordinating with the Corps while you draft the Polymet permit to make sure that EPA's CWA Section 404 concerns are being addressed.

Will you please give me an update on the status of the draft permit and when you see my involvement beginning?

Thank you for your consideration,
Melanie Burdick
